LAOS AND CAMBODIA

Ignored for decades, these two countries are emerging as amongst the most exciting travel destinations in Southeast Asia.

Together, Laos and Cambodia form the little-known hinterland of Indochina. In the colonial period they were considered backwaters by the French, who concentrated on exploiting the resources of Vietnam – the third and dominant country in French Indochina. During the turbulent years that followed independence, the United States waged a viciously destructive “Secret War” against the North Vietnamese Army and its Lao allies, the Pathet Lao, while Cambodia, having been illegally carpet-bombed by the US Air Force, was then “liberated” by the genocidal Khmer Rouge. Both countries experienced impoverishment and isolation from the outside world.

Nowadays both have put this brutal period behind them, although it has been a long and tortuous process for Cambodia. Opening their doors to the international community and to overseas visitors, the governments in Vientiane and Phnom Penh perceive tourism as a way to increase national development and assure a more prosperous future.

There are good reasons for linking Laos and Cambodia in a single guidebook. Both countries have a long tradition of Indic culture, as well as being closely related through Theravada Buddhism (northern parts of Laos are rather different in this respect, however) and long years of interaction with neighbouring Thailand and Vietnam. Each is startlingly beautiful and relatively undeveloped, populated by generous and friendly people, and home to some unforgettable sights. Their dependence on the mighty Mekong River and a shared colonial past further bind them, with both having benefited from the French culinary tradition – as Cambodia’s King Sihanouk once put it: “I am an anti-colonialist, but if one must be colonised it is better to be colonised by gourmets.” Today both countries are members of ASEAN, are developing and are increasingly prosperous. There has never been a better time to visit them.

LAOS & CAMBODIA TOP ATTRACTIONS

A selection of the top sights of the two countries, from the haunting Plain of Jars to the romantic Luang Prabang, vibrant Phnom Penh and the unmatched splendour of Angkor.

Top Attraction 1

Angkor. Indochina's top attraction dates from almost 900 years ago, the golden years of the Khmer civilisation. The sprawling site is a unique repository of incredible craftsmanship on a staggering scale. The towers at Angkor Wat, the most famous site of all, appear otherworldly at sunset as they are flanked by hordes of flying foxes. [click here](#)

Top Attraction 2

Vientiane. A smaller and more unassuming capital city would be hard to imagine. French-flavoured Vientiane extends languidly along the Mekong – walk along the river banks at sunset and enjoy a Bee Lao. [click here](#).

Top Attraction 3

Luang Prabang. This beautiful royal capital is the religious centre of Laos. The old stupas and temples give the city a unique ambience, populated in part by hundreds of saffron-robed monks. [click here.](#)

Top Attraction 4

Phnom Penh. Cambodia's animated capital is a city that has rediscovered itself. Wonderful restaurants, lots to see and a pleasant riverside setting. [click here](#).

Top Attraction 5

The Plain of Jars. These mysterious giant stone vats are a highlight of any trip to Laos. Their origins are obscure, though one legend suggests they were built by giants to store rice wine. [click here](#).

Top Attraction 6

Cambodian islands. For snorkelling, diving, camping and lounging on tropical beaches, there's no better place than the islands off Sihanoukville. [click here](#).

Top Attraction 7

French colonial architecture. The French left more than baguettes and coffee. Numerous elegant villas, shops and administrative buildings remain throughout Indochina, and are well represented in cities like Vientiane, Luang Prabang, Savannakhet and Phnom Penh. [click here](#).
